# WORK FLOW

We believe making is good for your soul. But sometimes making something can be intimidating. We learned to not only focus on the final product but to embrace and enjoy the entire journey. By chopping up every project in small chunks, it's easier to fit making things into your daily life. Do one chunk at a time, or more, but whatever you do... HAVE FUN and be amazed by your creativity!

## 1 FIRST THINGS FIRST

 wash and iron your sweater

 cut your stencils

## 2 LET'S PRINT

 prepare your worktable

 pick your colors

 print your sweater the way you like!

 clean your screen and stencils

 set your print

## 3 YOU'RE DONE!

 confetti! celebrate!  
WOHOOOOO!

 share what you made
