BOBBINHOOD

SUIT PATTERN

HACK

JACKET
BOBBINHOOD PRESENTS THE ULTIMATE HACK

3, 2, 1... HERE WE GO!

We loooooove hacking patterns and what is better then hacking a pattern? Hacking your own pattern and sharing it with y’all!!!

With this manual you can turn your Bobbinhood suit pattern into this awesome jacket. Use a denim, twill, (faux) leather, all is good!
Here you can sketch away and contemplate what print you’d like on your jacket! Make a cool back print, a small print on the front or go wild with an all over. Anything goes!

</table>
This pattern is WITHOUT seam allowance. We like to add 1 cm - 3/8” but please add what you are you used to. Add this allowance to all seams.

You will need the Bobbinhood suit pattern and manual as well as this hack manual to be able to make this jacket.

Pre wash your fabric and iron before cutting. No fun at all if you ask me but veeeery important ;)

Have fun! This manual is just a guideline, please feel free to do whatever you feel like.

### fabric requirements

For this hack we recommend a fabric with a bit of body. Medium, or even heavy denim, sturdy linen, twill, (faux) leather etc etc.

TOP POCKET
2x fabric

button placement

BOBBINHOOD®
**HACK PATTERNS**

1. For this pattern hack use the patterns A to F of the Bobbinhood Suit Pattern. Add the 3 patterns you printed out on the previous pages: G1, G2 and X.

2. Adjust front pattern.
   - Ignore the bust dart. Make side seam straight.
   - Cut through pattern, horizontal.
   - Lengthen the pattern with 2.5 cm - 1".
   - Adjust facing to the same length.

3. Adjust back pattern.
   - Ignore the bust dart.
   - Make seam straight.
   - Lengthen the pattern with 5 cm - 2".
4 Adjust sleeve.

Cut through pattern, horizontal.

Lenghten the pattern with 15 cm-5 7/8”

5 Draw the waistband pattern.
The pattern is 9 cm- 3 1/8” high for all sizes.

Measure the lower seam of both the front pattern and back pattern. Draw the front and back waistbands just as wide and 9 cm-3 6/8” high. Tape them together at the side seam. That the back waistband has to be placed on the fold. Remember that all patterns are without seam allowance. So also this one!
It is also possible to place the collar with CB on the foldline x2, like we did here for size XL.

- A. Front top 2x fabric
- B. Back top 1x fabric, fold
- C. Collar 2x fabric, 1x fusing
- D. Facing front 2x fabric, 2x facing
- E. Facing back 1x fabric, fold
- F. Sleeve 2x fabric
- G1. Front pocket 2x fabric
- G2. Front flap pocket 4x fabric, 2x fusing
- X. Side strap 4x fabric, 2x fusing
- Y. Waistband 1x fabric, fold
WORK FLOW

Here at Bobbinhood we have a thing for creative workflow charts. For every project we do we make a clear list of steps and whenever we worked on a step we grab our markers and color the indicators. It’s so fun we decided to make you one for this project as well!

- Measure yourself
- Print new pockets and straps
- Hack the pattern.
- Make a muslin (or not if your like to wing it :))
- Cut everything
- Fuse
- Sew pockets and flaps
- Make jacket
- Sew on waistband and straps
- Attach buttons
- Confetti! Celebrate! Wohoooooo!
- Share what you made #WEAREBOBBINHOOD
LET'S GO

For this hack you'll need your Bobbinhood manual at hand as well and you will switch back and forth. You will only need the TOP PART section that starts on page 11. We will talk you through the entire hack. No worries!

Skip 1 and 2 of the Bobbinhood Suit manual and go straight to finishing your seams. Finish all seams that are indicated red, we recommend using a serger.
For this pattern hack we have changed the pockets so ignore step 4 to 7 and replace them with the following:

1. Top stitch at 2.3 cm - 7/8”.

2. Fold down 1 cm - 3/8”, press. Then fold down 2.5 cm - 1”. Press.

3. Pattern on the fold (back)

4. Pattern to cut x2 (front)

5. Fold the sides and bottom in 1 cm - 3/8”. Press.

6. Place top of the pocket according to the Bobbinhood suit pattern. Single or double stitch (whatever suits your style) the pocket. Zigzag the top for more strength.

7. 2. 4. 3. 1.
Stitch the pocket flaps together.

Cut the edges and trim the seams.

Top stitch the pocket flaps and make a buttonhole that fits your button or if you want to use a snapbutton, put in the top part.

Place the flap of the pocket about 1,5cm - 5/8” above the pocket and topstitch.

Leave open to turn.
Follow step 8 to 19 of the Bobbinhood Suit manual. At 19 we stitch the hem of our sleeve. You can also choose for a ‘rough’ finish of the sleeve hem like our accomplice Marleen did. Just cut of the hem at the notches and stitch around twice at about 0,5cm- 1/4”.

Top stitch both front facings. You can follow the facing or simply go straight up whatever you feel like.

Continue with the waistband. Press the belt wrong sides of the waistband together.
Then press the top 1 cm-3/8”.

Place the waistband right side on right side and pin it 1 cm-5/8” over the front on both sides. Stitch from front to front. Do not stitch the first and last cm as indicated.

On the inside of the jacket iron the seam you just stitched down.
Fold the waistband up, right side on right side and stitch the two front seams.

Trim corner.

Turn waistband to the right side. Press and pin.

Or...... use double sided adhesive tape made for sewing!
Top stitch waistband all around!

Pin strap right side to right side and stitch around leaving the straight end open. Trim corners.

Turn and press. Top stitch and make a buttonhole that fits your button or if you want to use a snap button, put in the top part.

Press the end 1cm-3/8” to the back.
Stitch side flap on the back close to the side seam.

Attach all the (snap) buttons.
Let’s celebrate!!! Now you can strut around in your new Bobbinhood Jacket! Or casually hang it on your shoulder and tell everybody you made it, or just hug it. Or wear it grocery shopping. The possibilities are endless!
Share what you make and inspire! #WEARE BOBBIN HOOD ❤️
