

The background is a dense, repeating pattern of Easter-themed illustrations. It includes various styles of Easter eggs: some with intricate geometric patterns like triangles and zig-zags, others with floral or abstract designs. The color palette for the eggs includes red, yellow, green, and blue. Interspersed among the eggs are stylized tulips and other flowers, some in solid colors and others as line art. A small, stylized rabbit is also visible. The overall style is modern and artistic, with a mix of hand-drawn and printed aesthetics.
