Features and benefits

4K

- / Completely cool-to-touch exterior thanks to a double-walled / insulated construction
- / Cooking range from low and slow (110C) to intense (+400C)
- / Can cook everything from brisket to NY steak house and pizza
- / Bluetooth connected / ios and Android app. In development
- / Patent pending “Fast Flame Ignition” world’s first charcoal: Touch glass. Get fire.
- / Fully integrated meat and ambient probe system (4 meat probes and 2 oven temp probes)
- / Unique “auto locking” hood for extra safety
- / Internal lighting
- / Unique airflow design for ultimate control
- / Super-efficient charcoal use (1kg coal = 9 hours cooking)
- / Robust yet lightweight aluminum construction
- / 46cm cooking area
- / Stainless steel cooking grid, cast iron cooking grid, high temp pizza stone
 - multiple cooking surfaces and configurations. All included.
- / Oven can be used on or off the stand
- / IPx4 rated
- / 1400W element / 240 V / 10amp retractable plug /cord.
- / GW 80KG / NW 70kg (TBC)

- / Includes tongs for handy side reloading of fuel - no need to open hood.

Specification is not yet final and subject to changes.
