

OFYR SPATULA PRO & TONGS

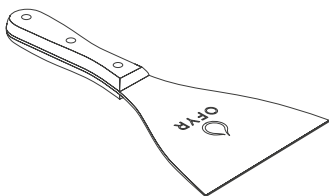

Featuring a thermoplastic handle for optimal grip and a stainless-steel blade that allows you to turn food easily with its sharp edge, the OFYR Spatula PRO is an essential outdoor cooking utensil.

Crafted from stainless steel with a matt black finish, the ergonomic design of these OFYR cooking tongs makes them a pleasure to use. The convenient rounded design means you can lay them on a work surface or hang them up when not in use.
