Safety Instructions – Aluminium Wall System

Article 1 – General Provisions
1.1 Read this manual carefully before installing or using the aluminium wall system (hereinafter: the 'Product'). Incorrect use may result in material damage or personal injury and void the warranty.
1.2 Retain this manual and provide it upon transfer of the Product.
1.3 Contact your sales representative for unanswered questions. If you lack installation experience, consult a professional.
1.4 Illustrations are for reference only and may differ from the actual Product.
1.5 This manual is protected by copyright and may not be reproduced or distributed without prior written consent.
1.6 Keep unassembled components out of reach of children.

Article 2 – Intended Use
2.1 The Product is a fixed aluminium wall designed for side mounting on a patio cover.
2.2 Use for other applications is at the user's own risk. The manufacturer accepts no liability for any resulting damage.
2.3 The maximum wind resistance is 55.86 kg/m². Consult an expert when placing the Product in open spaces.
2.4 The Product is only compatible with specific accessories and must not be combined with other sidewall solutions.
2.5 Intended for domestic use under normal conditions only.

Article 3 – Transport and Storage
3.1 Secure the Product properly during transport to prevent damage.
3.2 Always store and transport in the original packaging in a safe, dry environment.
3.3 Use only approved transport equipment suitable for the Product's weight.

Article 4 – Pre-Installation Check
4.1 Check all components for completeness and damage before installation.
4.2 Test components before mounting. If defects are suspected, stop installation and contact your supplier with photographic evidence.
4.3 Do not use or install the Product if any defects are detected. Use under these circumstances is at your own risk.

Article 5 – Installation
5.1 Ensure a safe work environment and remove all obstacles.
5.2 Installation requires at least two people.
5.3 Always use the prescribed bolts and screws.
5.4 Avoid placing fingers between wall profiles during assembly to prevent injury.
5.5 Ensure each panel is fully secured before adding another.
5.6 Do not disassemble or alter the Product beyond the scope of this manual.
5.7 Follow all tool safety instructions.
5.8 Wear safety shoes, protective eyewear, hearing protection and insulated gloves.

Veiligheidsvoorschriften – Aluminium Wandsysteem

Artikel 1 – Algemene Bepalingen
1.1 Lees deze handleiding volledig door voordat u het aluminium wandsysteem (hierna: het 'Product') installeert of gebruikt. Onjuist gebruik kan leiden tot materiële schade of lichamelijk letsel, en doet de garantie vervallen.
1.2 Bewaar deze handleiding zorgvuldig en geef deze mee bij overdracht van het Product.
1.3 Neem bij vragen contact op met uw verkoopvertegenwoordiger.
1.4 De afbeeldingen zijn informatief en kunnen afwijken van het werkelijke Product.
1.5 Deze handleiding is auteursrechtelijk beschermd en mag zonder schriftelijke toestemming niet worden gereproduceerd of verspreid.
1.6 Houd ongemonteerde onderdelen buiten bereik van kinderen.

Artikel 2 – Beoogd Gebruik
2.1 Het Product is een vaste aluminium wand, bedoeld voor montage aan de zijkant van een veranda.
2.2 Gebruik voor andere toepassingen is voor eigen risico. De fabrikant is in dat geval niet aansprakelijk voor eventuele schade.
2.3 De maximale windbelasting bedraagt 55,86 kg/m². Raadpleeg bij plaatsing in open gebieden een expert voor beoordeling van geschiktheid.
2.4 Het Product is alleen compatibel met specifieke accessoires en mag niet gecombineerd worden met andere zijwandoplossingen.
2.5 Uitsluitend ontworpen voor gebruik in huiselijke omgevingen onder normale omstandigheden.

Artikel 3 – Transport en Opslag
3.1 Zorg voor stevige bevestiging tijdens transport ter voorkoming van schade.
3.2 Bewaar en vervoer het Product in de originele verpakking op een veilige, droge locatie.
3.3 Gebruik enkel transportmiddelen die geschikt en goedgekeurd zijn voor het gewicht van het Product.

Artikel 4 – Controle Vooraf
4.1 Controleer vooraf op volledigheid en zichtbare schade.
4.2 Test onderdelen voor montage. Neem bij twijfel contact op met de leverancier en maak foto's van eventuele defecten.
4.3 Staak direct gebruik en installatie bij vermoeden van defect. Gebruik is in dat geval op eigen risico.

Artikel 5 – Installatie
5.1 Zorg voor een veilige werkomgeving en verwijder obstakels uit het werkgebied.
5.2 Minimaal twee personen zijn vereist voor een correcte installatie.
5.3 Gebruik altijd de voorgeschreven bout- en schroefverbindingen.
5.4 Vermijd het klemmen van vingers tussen wandprofielen; dit kan letsel veroorzaken.
5.5 Bevestig panelen stevig alvorens extra panelen toe te voegen.
5.6 Demontage of afwijkende montage is niet toegestaan.
