Coast Line is part of our outdoor collection. The rug owes its name to the stitch like diagonal lines in its structure. In these stitches, the warp of the rug, made of natural jute, comes to the surface, forcing its thick outdoor yarn into formation. Its a subtle but effective trait to an otherwise straightforward quality, and gives the glossy yarn a worthy, natural-looking counterpart.

The color range is made by our colorist Christiane Müller. She designed a range that is true to the cool and sturdy character of the rug, whilst keeping a low-key presence to be proposed in many different outdoor environments.

CARE INSTRUCTIONS

- We recommend regular (monthly) cleaning of the outdoor rug.
- **Vacuum** the rug with a normal (upright or cylinder) vacuum cleaner without the brush or beater bar engaged. Avoid vacuuming over 1200W.
- After vacuuming, you can use cold water with a pH neutral soap or a non-ionic detergent to remove all dirt on both sides of the rug. Dry the rug in the sun afterwards.
- **Stains** need to be removed as soon as possible. Absorb the stain using a strong absorbing paper (like kitchen paper) or a clean cloth.
- Remove stains using pH neutral soap or dish soap and scrub it gently with warm water.
- Do not use highly acidic cleaning agents to remove stains from your rug. This can cause discoloration of the yarn.
- In case of **heavy staining** we advise you to always have your rug cleaned by a specialist in rug cleaning.
- To avoid the rug getting moldy hang or lay down the rug in sunlight on a clean surface. For the rug to be completely dry, alternate the sides.

- If you would like to **storage** your outdoor rug you need to clean it properly first. Make sure you never fold your rug. You have to roll it up, wrap it in plastic and secure it with tape for example.
- When in **doubt**, please don't hesitate to contact us, or take a look on our website, www.frankly.amsterdam/careinstructions, for more information.
