

## WOOL COLOR BOX

Next to the colors in our standard collections, you also have the option to order your rug in a color of your own choosing.

Colors marked with <sup>NW</sup> are natural wool colors. This yarn is unbleached, undyed and comes directly from the sheep. Therefore small differences in color may occur. This is just a small part of our entire wool and natural wool color range. It is possible to mix different colors in order to create your customized color.

Next to all extra color options in this box, the wool yarn can also be lab-dyed in any requested color for orders of 40m<sup>2</sup> and over. The additional, one-off costs for lab-dyed colors are € 750,-.
