This flat woven beauty is the perfect example of form meets function. Made from recycled plastic bottles, Day Off is your environmentally friendly solution for indoor as well as outdoor living. Thanks to its strong and long-lasting yarn, it is very easy to clean with fibers that are water resistant and meet the UV resistance requirements. Above all these amazing aspects, Day Off is soft to the touch, providing a similar visual effect of traditional natural flatwovens without the disadvantages of it.

Please note that your order will be cut from a roll of 2 meters or 4 meters width. Please include the cutting loss in your order. If you need any help calculating this, we are glad to be of service.

Classification EN 1307:2014 and EN 14041:2004

CARE INSTRUCTIONS

- We advise you to **vacuum** the carpet once or twice a week for domestic applications and light use areas. For commercial applications and heavier traffic use, daily vacuuming is advised to reduce the presence and buildup of loose dirt particles.
- The starting point should be varied each day to make sure that the carpet is not always brushed in the same direction.
- A new carpet will contain a proportion of loose short fibres, which should be removed by regular vacuuming. The removal of this short fibre from the carpet in the first few weeks after installation, in a process sometimes called "shedding".
- **Wet stains** should be wet vacuumed as soon as they occur to avoid staining, or soak up liquids with white absorbent cloth/towel.
- **High traffic area stains** from castor wheels, luggage and service trollies may result in rubber transfer markings. Rubber markings may become sticky or attract dirt from foot and wheeled traffic builds up on the original stain. Remove rubber from the fibres using an approved gel type solvent. The treated area must be thoroughly rinsed out otherwise any remaining residue will continue to attract dirt.
- **Light stains** can safely be treated with JAMES cleaning agents, which have been successfully tested on our products. Please follow

- the instructions of the JAMES staindisc delivered with the James starter kit. Treating stains within 24 hours increases the possibility of successful stain removal, nevertheless, complete removal can never be guaranteed. The usage of a cleaning agent that is not tested on our products cannot be guaranteed for safe cleaning.
- Please do not use highly acidic cleaning agents to remove stains from your carpet. This will cause discoloration of the yarn
 - In case of **heavy staining** or transferred dirt, we advise you to always have your rug cleaned by a specialist in rug cleaning.
 - When in **doubt**, please don't hesitate to contact us.

WARRANTY

- Frankly Amsterdam **guarantees** its carpets for 2 years of normal use.
- All our products are made with care. In case a **manufacturing defect** escaped our attention, please inform us within 14 days after delivery and leave the product unused.
- Small differences or **irregularities** in color, weft or size may occur. This is to be accepted when within normal commercial tolerances.
