

# FRANKLY AMSTERDAM

PRICE LIST SOFT FURNISHING  
March 2024

## TERMS AND CONDITIONS

Our general terms and conditions of sales apply to all our agreements, quotations and offers. Please find a copy at [www.frankly.amsterdam/salesconditions](http://www.frankly.amsterdam/salesconditions) or at the Chambers of Commerce Amsterdam number 34393141. The terms and conditions used by the other party shall be explicitly excluded.

Every product made from a natural material is unique. Therefore a small difference in size or color may occur. We strongly advise not to expose fabrics of our indoor products to direct sunlight.

Frankly Amsterdam is owner of the goods until they have been completely paid.

## PRICES

Prices to public are issued in euros, including VAT.

## SHIPPING

Goods travel at buyer's risk and danger: possible damages must be reported at delivery immediately. For transportation of our rugs we collaborate closely with shipping agencies specialised in high-end transportation. The rugs are shipped in rolls that have to be transported laying down, and can not be stacked underneath other cargo under any circumstance.

Because of this precise method of transportation, damages in transport rarely occurs. Despite this, we advise you to check the roll upon receipt for any damages. Please make sure to confirm that the packaging and the roll are both still in tact.

Any unexpected damages discovered upon arrival must be noted on the loading bill. Alongside this, Frankly Amsterdam wishes to receive notice of the damages, including pictures of the damaged packaging. After the client signs for completed delivery, there is no possibility to claim transport damages.

## SHIPPING COSTS

Prices of the curtain fabrics and upholstery fabrics are including shipping costs.

Prices of bedlinen, bed spreads and throws are excluding shipping costs. Please see the overview on the next page .

## DELIVERY

The delivery date stated on the order confirmation is approximate and free of obligation. This shall not be considered to be a strict deadline unless a certain delivery date is explicitly guaranteed by Frankly Amsterdam.

## MATERIAL GUIDE

### COTTON (CO)

Cotton is a natural fiber made from the cotton plant. This material is known for being soft, breathable and absorbent. Cotton has good abrasion resistance and is biodegradable if not dyed or naturally dyed.

### LINEN (LI)

Linen is a natural fiber made from the flax plant stem. This material is one of the strongest natural fabrics and has good abrasion resistance. The material is antiallergic and non-electrifying.

### WOOL (WO)

Wool is a natural animal fiber obtained from sheep and goats. This material is highly resilient and strong material, and becomes softer with time.

### VISCOSE (CV or VI)

Viscose is a cellulose fiber. This semi-synthetic fiber is made from natural sources of regenerated cellulose, such as wood. Absorption properties are high. This material lends itself well to being able to be dyed and mixtures of this material are often used. The material is basically biodegradable and thermally recyclable.

### POLYESTER (PL, POL or PES)

PES is an acronym (shortened word) for Polyester.

Polyester is a type of artificial fiber used in textiles. Since polyester does not wrinkle structurally and is flexible, it is aimed to reduce the wrinkling rate of natural fabrics and to provide flexibility by mixing with natural fabrics. Mostly with cotton fiber can be used with wool, acrylic, silk, viscose, and linen fiber.

### POLYESTER (PET)

Polyethylene terephthalate is Polyester and lends itself well to recycling. The Polyester fibres are used in fashion apparel often blended with cotton. In the context of textile applications, PET is referred to by its common name, polyester.

SOFT FURNISHING SAMPLE PRICE LIST
