Indulge in the luxury of our first 100% Cotton rug. Made in Europe, this timeless masterpiece will elevate any space to new heights of comfort.

Customised to perfection, our Cotton Candy rug offers an extensive palette of standard 55 colors, along with the flexibility to choose any size or shape. Opt for the 12 mm low pile variation, which is densely tufted for a tailored aesthetic.

Our cotton is certified with the esteemed OEKO-TEX STANDARD 100 label. This certification proudly signifies that the yarn has undergone rigorous testing to eradicate any harmful substances.

Cotton color box

CARE INSTRUCTIONS

- We suggest to **vacuum** the rug once a week with a normal (upright or cylinder) vacuum cleaner but without the brush or beater bar attached. Rugs with a high pile need to be vacuumed more regularly.
- Do not use a vacuum with a rotating brush, this will damage the yarn.
- Rugs made from natural materials are subject to some **shedding** during the first few months. This is a common characteristic of natural fibers and will subside after 3 - 4 months of normal use.
- A dry environment can result in extra shedding of the yarn. A **humidity** between 50-70% will benefit the lifecycle of your rug.
- In order to avoid **indentations**, we advise you to rotate the rug every once in a while
- It is important to address **wet stains** promptly. Use strong paper, such as kitchen paper, to absorb the stain without rubbing the rug. Rubbing the rug when it's wet can cause damage to its fibers and overall structure.
- **Light stains** can safely be treated with JAMES cleaning agents, which have been successfully tested on our products. Please follow the instructions of the JAMES staindisc delivered with the James starter kit. Treating stains within 24 hours increases the chances of successful stain removal, nevertheless, complete removal can never be guaranteed.

We cannot ensure the safety of cleaning agents that have not been tested on our products.

- Please do not use highly acidic cleaning agents to remove stains from your rug. This will cause discoloration of the yarn.
- For **significant staining** or the removal of transferred dirt, we recommend dry cleaning your Biodegradable PET rug by a specialist in rug cleaning. Please clearly state that the rug needs to be cleaned without the use of water.
- If you have any **questions**, please don't hesitate to contact us, or visit us at www.frankly.amsterdam/careinstructions for more information.

WARRANTY

- Frankly Amsterdam **guarantees** its rugs for 2 years under normal usage conditions.
- We take care in crafting all our products. If, by chance, a **manufacturing defect** slips through our quality control, please notify us within 14 days of delivery and in the meantime, refrain from using the product.
- Small variations or **irregularities** in color, weft, or size may arise, which are inherent to the use of natural fibers. Such differences fall within normal commercial tolerances and should be accepted.
- Frankly Amsterdam will not accept any complaint if shading is concerned.
