COLOR OPTIONS TRUE STORY

RECYCLED COTTON CURTAINS

In True Story, Mind Full and Re Cover we have made the conscious decision to use low impact, high-quality recycled cotton. The material is created specifically from recycled fashion waste, an industry which is notoriously unsustainable.

Clothes and garments production waste are collected, before being sorted by color and cut into smaller fibers. The fibres are then treated, shredded and finally woven into yarns for new use.

By using recycled cotton in our products we help move the fabric industry into a closed loop cycle.
