PRICES

Prices to public are issued in euros, including VAT.

SHIPPING

Goods travel at buyer's risk and danger: possible damages must be reported at delivery immediately. For transportation of our rugs we collaborate closely with shipping agencies specialised in high-end transportation. The rugs are shipped in rolls that have to be transported laying down, and can not be stacked underneath other cargo under any circumstance.

Because of this precise method of transportation, damages in transport rarely occurs. Despite this, we advise you to check the roll upon receipt for any damages. Please make sure to confirm that the packaging and the roll are both still in tact.

Any unexpected damages discovered upon arrival must be noted on the loading bill. Alongside this, Frankly Amsterdam wishes to receive notice of the damages, including pictures of the damaged packaging. After the client signs for completed delivery, there is no possibility to claim transport damages.

SHIPPING COSTS FOR RUGS

- Shipping costs vary per order depending on the number or rolls, size of the rolls, the country and the shipping method. Please see the overview on the next page.
- All orders under €350,- (purchase price excluding VAT) are subject to a surcharge. The freight/administration surcharge is €29,-

DELIVERY

The delivery time of our tufted rugs is 6 weeks including transportation. The delivery time of our woven rugs and wall rugs is 8 weeks including transportation. The delivery date stated on the order confirmation is approximate and free of obligation. This shall not be considered to be a strict deadline unless a certain delivery date is explicitly guaranteed by Frankly Amsterdam.

For tufted rugs we can offer a quick delivery sevice. If the requested yarn is on stock, the rug can be shipped within 48 hours or 2 weeks. Feel free to contact us for the conditions and prices.

CARE INSTRUCTIONS INDOOR RUGS

All our products are made with care and attention. In order to keep them as beautiful as they are, please mind the following care instructions:

- We advise you to vacuum the rug once or twice a week with a normal (upright or cylinder) vacuum cleaner but without the brush or beater bar engaged. Rugs with a high pile need to be vacuumed more often.
- Do not use a vacuumer with a rotating brush, this will damage the yarn.
- Rugs made from natural materials are subject to some pilling during the first few months. This is a common characteristic of natural cut fibers and will disappear after 3 or 4 months of normal use.
- A dry environment can result in extra pilling of the yarn. A humidity between 50-70% will benefit the lifecycle of your rug.
- In order to avoid 'regular use marks', we advise you to turn the rug every once in a while.
- Wet stains need to be removed immediately, before the yarn absorbs the fluid. Absorb the stain using a strong absorbing paper (like kitchen paper). Do not, in any case, rub or put pressure on the rug when wet. This can damage the fibers and the structure of the rug.
- Light stains can safely be treated with JAMES cleaning agents, which have been successfully tested on our products. Please follow the instructions of the JAMES staindisc, also shown on our site. We can not guarantee safe use of cleaning agents by any other brand, since they have not been tested.
- Please do not use highly acidic cleaning agents to remove stains from your rug. This will cause discoloration of the yarn.
- In case of heavy staining or transferred dirt, we advise you to always have your rug drycleaned by a specialist in rug cleaning. Please state clearly that this rug needs to be cleaned without using water.
- When in doubt, please don't hesitate to contact us, or take a look on our website, www.frankly.amsterdam/careinstructions, for more information.

CARE INSTRUCTIONS OUTDOOR RUGS

- We recommend regular (monthly) cleaning of the outdoor rug.
- Vacuum the rug with a normal (upright or cylinder) vacuum cleaner without the brush or beater bar engaged. Avoid vacuuming over 1200W.
- After vacuuming, you can use cold water with a pH neutral soap or a non-ionic detergent to remove all dirt on both sides of the rug. Dry the rug in the sun afterwards.
- Stains need to be removed as soon as possible. Absorb the stain using a strong absorbing paper (like kitchen paper) or a clean cloth.
- Remove stains using pH neutral soap or dish soap and scrub it gently with warm water.
- Do not use highly acidic cleaning agents to remove stains from your rug. This can cause discoloration of the yarn.
- In case of heavy staining we advise you to always have your rug cleaned by a specialist in rug cleaning.
- To avoid the rug getting moldy hang or lay down the rug in sunlight on a clean surface. For the rug to be completely dry, alternate the sides.
- If there's no drainage under the rug, move it to sunlight to air dry properly.
- In areas with regular rainfall or high humidity, woven rugs are recommended instead of tufted rugs.
- If you would like to storage your outdoor rug you need to clean it properly first. Make sure you never fold your rug. You have to roll it up, wrap it in plastic and secure it with tape for example.
- When in doubt, please don't hesitate to contact us, or take a look on our website, www.frankly. amsterdam/careinstructions, for more information.

WARRANTY

- Frankly Amsterdam guarantees its rugs for 2 years of normal use.
- All our products are made with care. In case a manufacturing defect escaped our attention, please inform us within 14 days after delivery and leave the product unused.
