

Interior projects

From the initial spark of an idea to the final reveal, we are dedicated to making your interior dreams a tangible and beautiful reality. If you want to transform your space, but don't know how, let Home by Auk be your guide.

Understanding your vision

We make an appointment to meet. Where we take time to listen, learn, and vision your dream space before putting pen to paper.

The Design Process

We start translating ideas into tangible designs. Throughout the whole process, you will have a front seat. We send you the moldboard and we adapt where needed. This collaborative approach ensures that the final design reflects your personality and preferences

Selecting the perfect palette

We believe that quality craftsmanship begins with quality materials. We sort out all the best colors, materials & products. After uour approval, we order them from all our trusted uppliers

Bringing dreams to life

With approved designs and materials in place, it's time to turn dreams into reality. We make sure all of the furniture gets into place, ensuring that every aspect of the project is completed with precision and finesse

The big reveal

And then, the end result! Your dream home is no longer a vision: it's a livable reality!
