Hand wash, Do not bleach, Do not tumble dry, Do not iron, Do not dry clean

Floorlayer Kneepads

Kneepads offering advanced knee protection during work that involves extended periods of kneeling. Polyethylene comfort beads ensure the pads keep their shape over time, while a lightweight and breathable design provides comfort and stability.

Floorlayer kneepads that provide advanced knee protection during extended periods of kneeling. The pads' EN 14404 Type 2 Level 1 rating ensures you stay protected during extended hours on your knees and while engaged in work that requires mobility. Polyethylene comfort beads provide a breathable and lightweight construction and retain their shape over extended periods of time for optimal protection. In addition, ergonomic design combined with a soft interior make sure the kneepads stay in place and that the pressure is distributed evenly.

- EN 14404 Type 2 Level 1 knee protection
- Polyethylene comfort beads retain shape for extended periods
- Lightweight and breathable design
