

Waterproof Insulated Jacket

Stay comfortable and dry with this lightweight, insulated, waterproof jacket. Designed for all-weather protection, it features a detachable, roll-in hood and durable fabric for everyday use.

This versatile, insulated and waterproof jacket is perfect for year-round wear. Lightweight, windproof, and fully-lined, it offers protection in wet and windy conditions. The breathable 2-layer waterproof fabric, complete with fully taped seams, ensures great comfort and durability. It is designed with pre-bent sleeves for mobility and features a detachable, adjustable roll-in hood that can be stored in the collar. The extended back hem provides added wind protection, while drawstrings at the hood and hem allow for a custom fit. Multiple inner and outer pockets keep essentials secure, and adjustable sleeve ends add extra convenience. Certified to both EN342 and EN343 standards, this jacket is built for everyday use across various industries, from general construction to transport and facility management.

- Insulated for warmth and comfort
