

The **Redback Supertex Zip/Stud Boilersuit** in blue is a heavy-duty, poly-cotton work coverall designed for industrial and general-purpose protection.

It typically features a concealed front fastening system that combines a zip with a protective stud flap.

### Key Specifications

- **Material:** Made from a durable **65% polyester and 35% cotton** blend (often around 240gsm weight) for long-lasting wear and comfort.
- **Fastening:** Features a **concealed two-way zip** front with a stud-fastened placket to prevent scratching surfaces or getting caught.
- **Pockets:**
  - Two zipped breast pockets.
  - Dedicated pen and rule pockets.
  - Two side swing pockets with access to under-trousers.
  - Two back pockets (One Zipped + One Open Top).
- **Comfort Features:** Includes an **elasticated waistband** for improved mobility and a better fit.
- **Adjustability:** Cuffs often include double-position press stud adjustments.
