USER MANUAL
SMART LED LIGHTS
SOFT WHITE BULB

The Warm White ERIA A60 bulb (2700K) can be remotely controlled by a wireless switch without the need of a hub. It can also be controlled by your smartphone/tablet as well as voice controlled through Amazon Alexa and Google Assistant. Simply use with a ZigBee compatible hub such as the AduroSmart ERIA, SmartThings or Philips Hue.

www.adurosmart.com/manuals/softwhitebulb

1. Unpack your bulb and screw it into your light fitting and turn on the light.

Connect with the ERIA hub

2A. Download the Adurosmart App from the Apple App Store or from Google Play or go to   http://adurosmart.com/adurosmart-app/
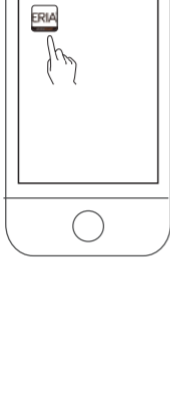

Android   IOS

2B. If you have a **third party ZigBee compatible hub** then **proceed to step 9.**

3. Open the Adurosmart Eria APP.
