

DOOA, an inspiring brand, helps you enjoy aquatic plants more freely. Minimal and easy, and designed as a platform allowing everyone to nurture plants indoors. Feel closer to nature, and bring beauty into your life.

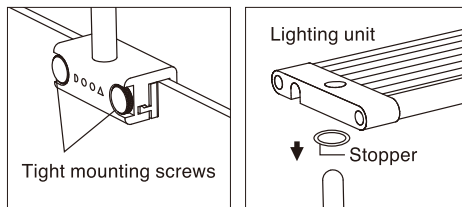

New Release SOL STAND RGB

DOOA Sol Stand RGB is a lighting system for small aquariums equipped with popular RGB LED lights. It is a next generation model of Sol Stand G which was developed to enjoy DOOA System Terra / Aqua 30. Its simple design has remained the same, but it vividly illuminates aquatic plants in green and red. And because a designated stand comes with the product for mounting the lighting system to a side of an aquarium tank, it can illuminate even a 36cm wide aquarium tank, and the height of the lighting unit can be adjusted too.

The product can be neatly installed to DOOA System Aqua / Terra.

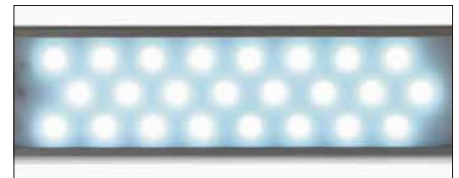

【 Installing the designated stand 】

【 Lighting Unit Specification 】

- Input voltage** AC100~240V 50/60Hz
- Rated power** 24W
- Power consumption** 16W±10%
