Details

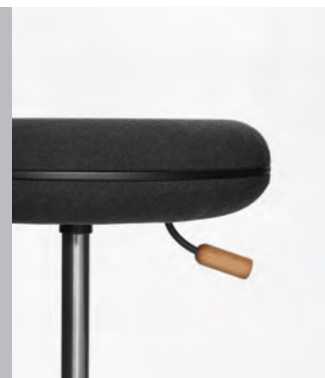

Efficient ventilation and lighting

Precise finish

Phone induction charger
[optional]

Comfortable, adjustable stool
[optional]

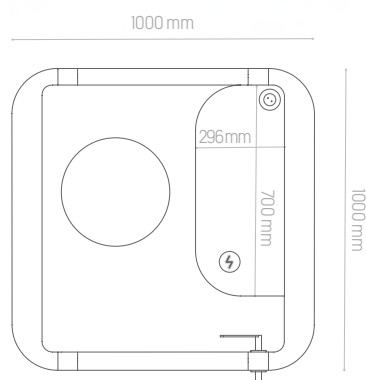

Version with a stool

Are you planning a longer phone call?
Do you need to take notes?
Sit comfortably on the stool and talk.

Version without a stool

Short phone call?
Do you need a moment of peace?
Enter the pod and talk in silence.

Technical information

Materials used

- Construction: a plywood framework filled with a proprietary composition of the best sound isolating and absorbing materials developed in the MuteDesign acoustic lab
- Exterior: painted metal and veneer or laminate
- Interior: felt
- Glass: soundproof glass

Parameters

- Exterior: 1000 mm*1000 mm*2247 mm [length*width*height]
- Interior: 887 mm*805 mm*2080 mm [length*width*height]
- Width of left handed door: 692 mm
- Height of tabletop: 1095 mm
- Height of the stool: 600 mm to 795 mm
- Weight: 350 kg

Acoustic properties

- One of the best sound insulation results on the market [ask us for more details]
- Very short reverberation time inside: $RT_{20} \leq 0,2s$
- Extremely quiet and efficient ventilation:
noise generated inside ≤ 39 dBA / outside ≤ 35 dBA

Energy consumption

- During operation: 16 W
- In standby mode: 4,5 W
