ROMED SOFT BATHING WIPES 'AQUA HANDS'

REF: SBW

Cosmetic conform Regulation (EC) No 1223/2009

This is a product intended for professional use.

Romed aqua hands are soft and hydrating bathing gloves used for personal care. The gloves can be warmed in the microwave oven before use (30 seconds at 700 Watt).

Romed aqua hands replace soap and water. Very easy to use in hospitals and home care. The glove can be used for every part of the body. After use the glove can be easily disposed.
