

Alpha 8

Compact and manoeuvrable 8mph scooter

- Great value
- Compact size with a fantastic turning circle of 53"
- Large 12" tyres giving good ground clearance
- Only 25" in width so it easily fits through doorways and entrances.
- Adjustable arm heights on comfortable Captain seat
- Large 50Ah capacity batteries

Alpha 8

When looking for a compact, manoeuvrable 8mph scooter that has the capacity to go the distance then the Alpha 8 is the scooter of choice. Equally at home in the high street and shopping centres or out in the countryside traversing parkland and beaches the Alpha 8 offers the discerning user a stylish, comfortable scooter for all arenas. With a compact size of 25" in width and an excellent turning circle the Alpha 8 enables users to easily negotiate crowded pavements and narrow entrances. A full sized captain seat and unique suspension system ensures supreme comfort at all times. The large capacity 50Ah batteries ensures complete peace of mind for those long journeys and the powerful motor and drive system makes light-work of steep hills. The extra-large wheels offer outstanding ground clearance ensuring rugged terrain is handled with ease. Small in size but enormous in capabilities; the Alpha 8 is the first choice mobility scooter for the users of today.
