

2025 CATALOGUE

Welcome

Since 1981 Bucas merged a great Irish equestrian tradition with the latest technical developments and experience from other industries, countries and markets. This has resulted in the development of a wide range of highly innovative and technically advanced products for your horse.

How to measure your horse!

To provide your horse with the optimal fit, comfort and protection that it deserves, it is important to select the most appropriate rug for your horse.

2

When choosing a Bucas Rug, you must consider two factors:

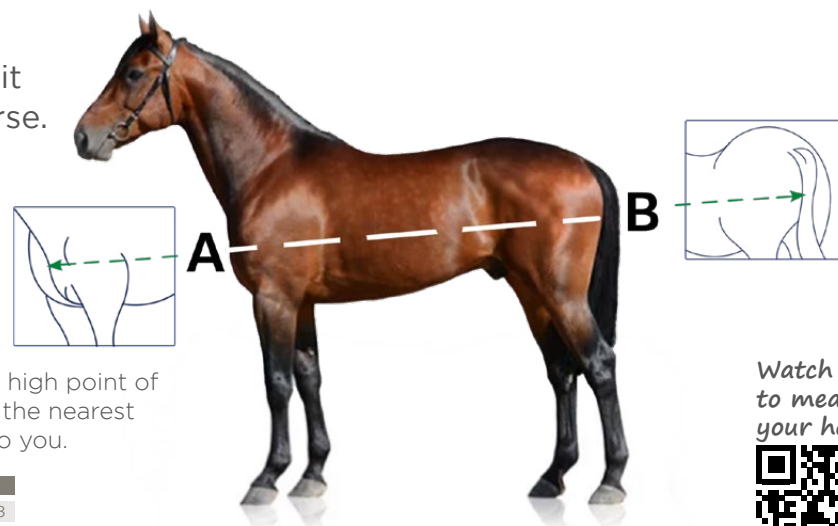

- The measurement of the horse in relation to the size of rug that it needs
- The temperature range for which the rug you choose is most suited

The following instructions outline a step-by-step approach to measuring your horse for a Bucas rug to provide an optimal fit, comfort and ease of movement.

Bucas recommends that the horse be measured from (A) the center point of the chest, over the high point of the shoulder, and then to (B) the rear of the hind leg. When you have the measurement, choose the nearest size from the table below, or email: admin@bucas.com and we can post a Bucas measure tape to you.

How to Measure your Dog!

To measure your dog correctly for a Bucas dog rug place the measuring tape where the collar usually sits on your dogs neck and measure the length of the dogs back to the start of the tail. This measurement will give you the correct size when purchasing your Bucas dog rug.

Bucas Therapy Cooler

BUCAS THE INTELLIGENT CHOICE

Bucas Therapy Range

The **Bucas Therapy Range** is thoughtfully designed with advanced technology and high-quality materials to provide exceptional therapeutic support for horses.

This range expertly harnesses the natural properties of the body's magnetic fields, enhancing circulation, reducing inflammation, speeding up healing, and preparing muscles for exercise. Each product prioritises both effectiveness and comfort, ensuring your horse benefits from targeted therapy and consistent relief.

Unlike magnetic rugs, Bucas Therapy products can safely be left on your horse for up to 24 hours, seven days a week, if needed. However, it's best to introduce the rug gradually, monitoring your horse's response as you increase usage over time.

Key Benefits and Features:

Thermotherapy

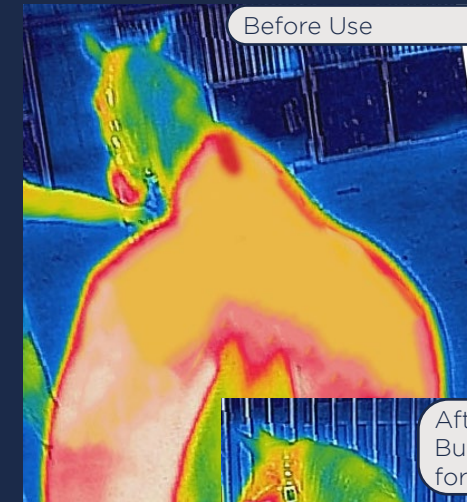

The Bucas Therapy range features an innovative stainless steel mesh lining, designed to capture and reflect the body's natural magnetic field. This mesh works to increase blood flow, enhancing your horse's circulation and supporting overall well-being.

Injury Prevention and Healing

By boosting blood circulation, Bucas Therapy products promote faster healing and reduce inflammation. These anti-inflammatory benefits make the range ideal for horses recovering from injuries or those needing extra warmth and flexibility before exercise. Enhanced blood flow also brings more oxygen to the muscles, flushing out toxins and reducing swelling, which aids recovery and minimises discomfort.

Relaxation and Calming Effects

The calming effect of the Bucas Therapy range helps relax horses by improving blood flow and oxygen delivery. This benefit is especially helpful in stressful situations, such as transport or competitions, providing your horse with an added layer of comfort and calm.

Before Use

After using a Bucas Therapy rug for 4 hours

The Bucas Therapy Range represents a professional, compassionate approach to equine care, promoting comfort, recovery, and relaxation for horses at any stage of training or activity.

Bucas Therapy Turnout & Neck

Therapy Turnout

The **Bucas Therapy Turnout** combines the superb durability and comfort of Bucas Ballistic Nylon Turnouts with the therapeutic properties of the Bucas Therapy fabric.

The turnout is a highly functional rug, combining Therapeutic properties and Ballistic Nylon with the soft, moisture-wicking Dermo-care lining, offering a powerful blend of protection and comfort. The innovative Bucas Therapy properties work to support circulation, reduce inflammation, and encourage muscle recovery, making it ideal for horses needing extra therapeutic care while turned out.

The Bucas Therapy Turnout features a Click'n Go front closure with a magnetic Snap-lock, cross surcingles, elasticated leg straps, reflective strips and a deluxe tail cord. Available with 150g or 50g of insulation, this rug provides versatile warmth options to suit varying weather conditions.

BUCAS THE INTELLIGENT CHOICE

Bucas Therapy Coolers

The **Bucas Therapy Coolers** are multi-purpose rugs, perfect for travel, post-exercise, or for use as a stable rug.

The **Bucas Therapy Cooler** combines therapeutic relief with practicality, featuring Bucas Therapy fabric along the horse's back to boost circulation and ease muscle tension, paired with Stay-dry fleece on the lower portion. This unique combination allows you to put the rug on a sweaty or wet horse; the Stay-dry fabric quickly wicks away moisture, keeping your horse dry and comfortable while benefiting from soothing therapeutic effects.

Designed with both horse and handler in mind, the Bucas Therapy Cooler includes a convenient magnetic Snap-lock front closure and attachment points for easy layering under Bucas rugs.

Available in sizes, 85/3'6 to 170/7'2, and a Big Neck version available in sizes 125/5'6 to 165/7'0. The Bucas Therapy Cooler Neck is also available separately.

Features Include:

- Therapy material upper
- Stay-dry lower
- Shoulder darts
- T-bar with magnetic Snap-lock
- Cross surcingles
- Fillet string
- Loop for Tail Protector & Bag
- Attachments for Cooler Neck

Product Codes:

The **Bucas Therapy Mesh Cooler** rug is ideal for use during the warmer months of spring/summer/autumn. It comes with the same benefits as the other Bucas Therapy products but with a lightweight mesh lower to help circulate the air around the horse's body during hot/humid days.

Available in sizes 115/5'0 - 165/7'0 with the Bucas Therapy Mesh Neck sold separately.

Features Include:

- Therapy material upper
- Mesh lower
- Shoulder darts
- T-bar with magnetic Snap-lock

Show-Line Riding Sets

The **Bucas Show-Line Collection** boasts a stunning array of sophisticated and practical equine products.

The **Show-Line Saddle Pads** are the perfect choice for riders. The saddle pad features a waffle lining that not only provides excellent cushioning but also helps to keep the horse's coat in good condition. The faux fur wither protection is a bonus that ensures the horse's withers stay protected.

28 The saddle pad is designed to stay in place while riding, thanks to the top Hook & Loop strap that attaches it to the saddle. The Hook & Loop girth strap is another convenient feature that allows you to remove the saddle pad without having to remove the girth from the saddle.

The contrasting binding and piping of the saddle pad make it an eye-catching addition to your horse's show attire. You can easily match it with your Show-Line Fleece Rug or Competition Cooler.

The saddle pads are available in Dressage and Jump styles, so you can choose the one that suits your riding needs.

Product Codes:

- 778 Show-Line Saddle Pad - Jump
- 779 Show-Line Saddle Pad - Dressage

Greenline Turnout & Neck

BUCAS THE INTELLIGENT CHOICE

Greenline Range

The **Eco-Friendly Range**, combining great Bucas quality and design, with the use of recycled materials. Warming your horse, not the planet.

For the past number of years Bucas has been working closely with our fabric suppliers to find eco-friendly fabrics that would be strong enough to use on a horse rug. Plastic bottles are crushed, shredded and spun into a yarn, which is then woven into a ripstop fabric. The production of this recycled yarn uses significantly less energy and water, and produces fewer greenhouse gas emissions.

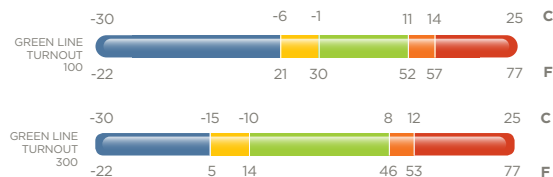

All fabrics, the waterproof and breathable 600D ripstop outer fabric, insulation, lining, straps and binding are made using recycled yarn. The turnout comes with all the great features you would expect from Bucas — the popular Dermo-care lining, shoulder darts for best fit and comfort, T-bar front closure with signature magnetic Snap-lock and attachment points for a matching Neck — but with the peace of mind that your rug has been made ecologically and with the future in mind.

Available in classic cut with a matching Neck sold separately and in sizes 115/5'0 – 165/7'0.

Bucas Stable Sheet

BUCAS THE INTELLIGENT CHOICE

Bucas Stable Sheets

The **Bucas Stable Sheet** is a great choice for a light stable sheet that can be used with the Bucas range of Liners, Quilts, and Coolers, which come with attachment points for use with the Bucas Layer System.

The **Bucas Stable Sheet** is designed to fit perfectly with the Bucas Layer System, making it easy to protect and complement your Bucas Liners, Quilts, and Coolers.

The front neck closure attaches to the Neck attachment points, and the rear Hook & Loop strap attaches to the rear D-rings of your top rug. The polyester silky outer prevents bedding from sticking to your rug, while shoulder darts ensure ample space around the shoulders. The T-bar front closure with magnetic Snap-lock and cross surcingles keep the rug secure while in use.

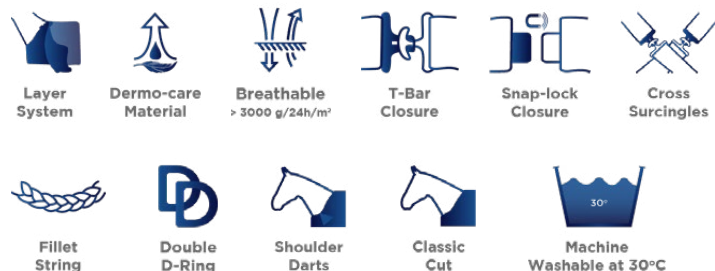

Available in sizes 125/5'6 - 165/7'0

Features Include:

- Polyester outer
- T-bar with magnetic Snap-lock front closure
- Dermo-care lining
- 0g insulation
- Shoulder darts
- Cross surcingles

- Connection points for use with Bucas Liners, Quilts & Coolers

Product Code:

- 608 Bucas Stable Sheet

Introducing the **Bucas Linen Sheet** from Bucas! This rug is manufactured using eco-friendly and sustainable materials, including linen. Linen is a biodegradable natural fibre with a lower environmental impact than other materials. It's the perfect choice for environmentally conscious horse owners. Additionally, linen has natural anti-bacterial and anti-fungal properties which will help to protect your horse's skin.

The rug has several features, including our T-bar and Snap-lock magnetic front closure, shoulder darts, internal detachable surcingles, and a fillet string.

It's available in Navy and Beige both with Coffee binding, making it easy to find the perfect match for your horse and in sizes 115/5'0 - 165/7'0.

Features Include:

- Linen fabric
- T-bar with magnetic Snap-lock front closure
- Shoulder darts
- Internal, detachable cross surcingles

Bucas Quilt

The **Bucas Quilt** is a versatile stable rug that can be used on its own or as an extra layer under your Bucas Turnout or Stable rug.

The outer is a strong Oxford fabric which is durable and breathable. The quilt is available with 2 choices of lining – Stay-dry lining and Silk-feel Dermo-care lining. Both of these linings have moisture-wicking properties, with the Stay-dry lining acting faster because of its fleece texture and the Dermo-care silky lining smooth against the horse's skin.

Thermobonded insulation of 50g, 150g and 300g gives you a great selection of insulation for your horse. The range also is available in a Big Neck option which is ideal for horses that are wider across the chest and breeds of horses like Friesians, Andalusians and Draughts.

Sizes available are 85/3'6 – 170/7'2 in 150 SD, both Big Neck styles available in 125/5'6 – 165/7'0 and 300 SD, 300 SF, 150 SF and 50 SF all available in sizes 115/5'0 – 165/7'0. The Bucas Quilt Neck is also available in sizes XS-XL and is sold separately.

Features Include:

- Oxford Fabric outer - 600D
- T-bar with Snap-lock closure
- Dermo-care (SF) or Stay-dry (SD) lining
- Shoulder darts
- Cross surcingles

Shamrock Power

Shamrock Power

The **Shamrock Power** is an ideal multi-functional rug that performs superbly as a sweat, travel or light stable rug.

Manufactured using two layers of Bucas Stay-dry fabric. The Shamrock Power has a Stay-dry, antibacterial inner lining, and a Polyester outer.

The Stay-dry fabric can be put on a wet horse and it wicks moisture away and ensures that the horse dries faster.

The Anti-Bacterial lining helps to keep the rug fresh and in good condition.

The polyester outer repels bedding, so should your horse lay down while wearing the cooler, minimal bedding will stick to the rugs unlike fleece coolers.

Shamrock Power Full Neck features a Bucas Dermo-care lining against your horse's skin. This silky lining helps wick moisture from the horse's coat while being soft against this often sensitive area of the horse.

Available in Classic Cut in sizes 85/3'6 - 170/7'2, and 115/5'0 - 170/7'2 in a Full Neck style.

Features Include:

- Double layer heavyweight cooler
- T-bar with magnetic Snap-lock closure
- Stay-dry & Anti-bacterial lining
- Shoulder darts
- Detachable internal cross surcingles
- Silk-feel lining on shoulders
- Loop for Tail Protector & Bag
- Fillet string
- Attachment points to use under any Bucas turnouts or stable rugs

Buzz-Off X

Buzz-Off Zebra Full Neck

Buzz-Off Zebra

The **Buzz-Off Zebra** range of fly and insect products are made from a specially developed lightweight fine mesh fabric with Zebra print.

Research has discovered that flies hate the Zebra stripes as they find them confusing. They get disorientated by the contrast of the black and white stripes, compared to solid colours, and so tend to steer clear of them!

The **Buzz-Off Zebra Full Neck** rug provides protection for the horse's body and neck. The neck helps protect the mane from flies, and an elasticated brow band helps keep the neck piece in place as the horse grazes. The belly pad protects the belly of the horse and helps keep the rug in place. The large tail flap protects the tail from flies.

Also available with a detachable neck version, the **Buzz-Off Zebra & Neck** offers the same great features but with the convenience of a removable neck piece.

The **Buzz-Off Rain Zebra & Neck** has the Zebra fly sheet with a waterproof upper to protect your horse. The removable neck and waterproof upper offers full body and neck protection from flies as well as letting the rain roll off your horse's back.

Available in full neck version, in sizes 85/3'6 - 170/7'2, and + Neck in sizes 115/5'0 - 165/7'0.

The **Sweet-itch Zebra** is made from a specially developed fabric that blocks entry of the smallest of insects. The rug offers full body cover, with a neck that reaches to the ears covering the whole mane area. An elasticated, detachable belly pad covers from the elbow to the sheath, offering full body protection for your horse. The rug also offers UV protection for horses preventing sunburn and stopping the coat from getting bleached.

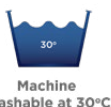

Available in sizes 125/5'6 - 170/7'2.

Features Include:

- Zebra stripe
- T-bar with Snap-lock front closure
- Elasticated and detachable belly pad
- Shoulder darts
- Silk-feel lining on the shoulders, withers and mane
- Elasticated browband to help secure neckpiece
- Tail flap

Buzz-Off Range

The **Buzz-Off** range is made from a specially developed lightweight fine mesh fabric that helps block out flies.

The **Buzz-Off Full Neck** rug provides protection for the horse's body and neck. The elasticated and detachable belly pad ensures that the rug is kept in place as well as protecting the belly from insects and flies. Also available in a detachable neck version, the **Buzz-Off & Neck** gives you the flexibility for use without the neck piece.

The **Buzz-Off Rain & Neck** with removable neck is perfect for changeable summer weather. The upper part of the Buzz-Off Rain is waterproof and breathable while the lower part is made of Buzz-Off fly sheet fabric. Together you have a lightweight, UV protective and waterproof rug. The elasticated and detachable belly pad gives protection to the belly of the horse and helps to stabilise the rug in position.

The **Buzz-Off Classic** is ideal if there is no need for neck protection.

Available in full neck and with a removable neck in sizes 85/3'6 - 165/7'0, and in rain version in sizes, 115/5'0 - 165/7'0.

Buzz-Off Pro Mask

The **Buzz-Off Pro Mask** ensures excellent protection against flies and is designed with your horse's comfort in mind.

The Stay-dry breathable fabric delivers an impressive >70% UV protection. The stiff fabric of the face mesh acts as a barrier against flies and offers UV protection.

A reinforced browband positions the mask away from the horse's forehead, allowing the high-tenacity face mesh to rest comfortably off the horse's face, ensuring ample eye clearance.

Soft fleece binding reduces friction, enhancing overall comfort.

Elasticated Hook & Loop closures offer convenient adjustability, ensuring a secure and customisable fit for your horse.

Halters & Leads

Bucas Halters

The legendary Bucas halters are designed to provide great comfort. This is provided by the soft, yet strong “silk-feel” webbing and the padded nose and headbands. A specially, shaped ring makes it easier to open and close the halter with the snap hook and prevents the hook from rubbing against the horse. The snap hook is designed so it is not affected by snow, ice and low temperatures. There is also an adjustable headpiece with a prong buckle.

Available in two styles the **Comfort Halter** with added padding on the headpiece and noseband and the **Dublin Halter**.

The **Comfort Halter** is available in sizes Pony - XFull, colours black, brown, navy and Zebra, and the **Dublin Halter** is available in 14 assorted colours to match your Bucas Halters in sizes Foal - XFull.

Bucas Travel Products

2020 Boots

The **Bucas 2020 Boots** are made of tough outer nylon fabric and a Stay-dry inner lining. Cushioned padding helps to fully contour to the horse's leg.

Three straps on the front boot and four straps on the rear boot, and elasticated top and bottom straps on front and hind boot help secure the fit of the boots.

The unique front boots close differently to normal traditional travel boots. The straps fasten forward, this means the boots close across the tendons leaving the back of the knee open, for ease of movement but covering the front of the knee to protect the joint from any bangs or injury while travelling.

The Stay-dry lining helps to dry wet legs faster so by the time you finish your journey home and remove the travel boots your horse's legs will be dry and comfortable!

Available in Full and Cob in Black and Navy. Sold in sets of four.

Product Code:

Bucas Helpful Tips

Tips for Washing your Bucas Rug

- Before placing your Bucas rug into the washing machine, close all hook and loop straps as the rug can stick to it and any dirt that is in the machine will stick to it.
- Clip up any surcingles so that they are not left flapping around in the machine.
- If washing your Bucas cooler make sure to brush off any additional bedding or dirt off the rug, this will help the rug come out even cleaner!
- Don't wash your Bucas products over 30°C as this may effect the performance of your Bucas product!
- Make sure to use the Bucas Rug Wash for washing all your Bucas products.
- It's always advisable to reproof your waterproof rugs after washing.
- Keep your waterproof product functioning correctly by using Bucas Rug Conditioner after washing.
- If you have any small nicks or tears to your Bucas rug, we recommend using our Bucas repair kit. This kit will provide you with the necessary aids to repair these small tears.

How to extend your Bucas guarantee

- Bucas offers a 2 year guarantee against any manufacturing or material faults but you can extend it to 3 years on our Power, Smartex, Atlantic and Therapy Turnout range of rugs.
- All you need is your proof of purchase, like your receipt and the details from the label on the rug.
- Your rug must be registered within 30 days of purchase.
- Guarantee does not include normal wear and tear and accidental damage.
- Limitations apply.

BUCAS THE INTELLIGENT CHOICE

Team Bucas

Bucas is proud to sponsor over 50 ambassadors, from world-class athletes to talented young riders.

See what some of them have to say about their favorite Bucas collections:

Jens Fredricsson

Bucas Coolers are very important at the shows, both the Power Cooler and the Shamrock Cooler. Great for when the grooms are in a rush between classes, they can wash off the horse, get the Cooler on, and get the next horse ready. When the horse rolls or lays down, the bedding won't stick to the outside of the rug, making it easier for the groom at the end of the day when cleaning up.

Janne Friederike Meyer-Zimmermann

I am very proud to say: Bucas is my long-time sports partner! The Bucas Turnout blankets just fit very well. That is very important to me for daily paddock time. Due to the good quality of the fabric, the blankets are very robust, look good and you can enjoy them for a long time.

Mary King

I love the fabulous range of outdoor rugs Bucas has to offer - especially the Atlantic Turnout. It is light (even with the warm 200g insulation), comfortable, smart and very strong.
