Dacia	Logan	II	2012-2020	6-speed manual	various	VIN check recommended
Dacia	Sandero	II	2012-2020	6-speed manual	various	VIN check recommended

Important compatibility information

Dacia used several different gear selector mechanisms within the same model range. Compatibility can therefore depend on production date and the exact gearbox specification.

The TL4N-Shift is compatible with vehicles equipped with the original gear selector lever **OEM 328968611R**.

VIN check recommended - OEM 328968611R is used on certain versions of the vehicle shown, but other selector mechanisms may also have been fitted. We strongly recommend a VIN check before ordering.

For a compatibility check, please email your VIN (chassis number) to **4h-tech@short-shifters.com**.

If you order a "VIN check recommended" application without requesting a VIN check beforehand, compatibility cannot be guaranteed.
