Peugeot	Partner	M59	—	1.4 i	—	Confirmed
Peugeot	Partner	M59	—	1.6 i	—	Confirmed

Important compatibility information

All applications in this list are Confirmed. Existing 4H-TECH applications are confirmed by practical fitment experience. Additional applications are included where PSA OEM 244989 / 2449.89 is documented as part of the vehicle's gearshift system.

OEM 244989 is a gearshift linkage / relay lever component used with PSA manual gearshift systems. Vehicle production breakpoints may apply; where catalog data specifies an organisation-number limit, this should be checked when relevant.

If your vehicle is not listed, please email your VIN (chassis number) to **4h-tech@short-shifters.com**. You may also send us a clear picture of the original gearshift mechanism located on top of the gearbox.
