Peugeot	Partner / Combispace	M59	1999-2008	2.0 HDi - DW10 family	66 kW	Confirmed

Important compatibility information

All applications in this list are Confirmed. Existing 4H-TECH H4-Shift applications are confirmed by practical fitment experience. Additional body variants are included where PSA OEM 244988 / 2449.88 is specifically catalogued within the relevant gearshift system.

Important: aftermarket catalogues often combine OEM 244988 with other PSA selector-lever numbers (for example 244983, 244996 and later service numbers). Such combined aftermarket cross-references alone are **not** used to confirm H4-Shift compatibility.

If your vehicle is not listed, please email your VIN (chassis number) to **4h-tech@short-shifters.com**. You may also send us a clear picture of the original gear selector mechanism located on top of the gearbox.
