

# MASH HERBS

## Easily digestible recovery mash

Lannoo Mash Herbs is a highly digestible product due to the presence of toasted linseed and bran. It also contains electrolytes and a mixture of herbs. These additives ensure optimal recovery and appetite.

Lannoo Mash Herbs is the recovery feed par excellence and is therefore the ideal meal after heavy transport or at a competition! The normal concentrate meal can be replaced by Mash Herbs e.g. on arrival home after a heavy race and/or transport.

NUTRIENTS	UNIT
Crude protein	16 %
Crude fat	9 %
