

Fiber Wafer

Pressed Fiber blocks for horses

Equilannoo Fiber Wafer is a high-fibre textured pellet that is perfect for mixing with concentrates and supplements, or used as a full or partial replacement for roughage. These all-natural chunks contain alfalfa, esparcette and timothy, with no molasses or added sugars. The addition of carrot flakes and apple pulp also makes the feed extra palatable for horses.

With esparcette,
thimothée
& alfalfa

INSTRUCTIONS FOR USE:

To supplement roughage ration:

Horses: Feed up to 2 kg per day for a 600 kg adult horse.

Ponies: Feed up to 1 kg per day for a 300 kg adult pony.

These pellets can also be easily soaked with water. To do this, use a 1 to 1 ratio. For example: 1 tablespoon of Fiber Wafer with 1 tablespoon of water.

COMPOSITION: Alfalfa, Timothy, Esparcette.
