DURABILITY THAT MAKES A DIFFERENCE®

Slant Top Ingredient Bins

Designed to store and transport a wide variety of bulk ingredients such as rice, beans, flour or grains. Only 28" high, these bins will fit under standard work tables. All materials are FDA-accepted for direct food contact.

- Special design of lid encourages spilled liquids to drain off back lid while protecting contents. Two-piece lid comes apart for easy cleaning.
- The break-resistant, polycarbonate lids are clear to easily identify contents.
- A convenient S-hook is provided on the front edge for hanging a Cambro Ingredient Scoop. Complies with health codes that prohibit scoops from being stored inside the bin.
- Heavy-duty 3" (7,6 cm) non-marking casters, 2 front swivel, 2 rear fixed for easy maneuvering.

Clear Camwear® lid slides back for convenient access to bin contents.

For more information about Cambro products, contact your Distributor, Cambro Sales Representative or the Cambro Customer Service Department.

Camwear® Scoops

They will continue to look good and perform well wash after wash. Strong, won't dent, rust or chip. Available in 4 sizes.

ColanderKit™

A complete food safety system packaged in one carton. Improve food quality and reduce risk of contamination by draining vegetables or fruits, thawing frozen meat or poultry or storing seafood on ice.

Camshelving®

Revolutionary shelving system that is easy to clean and is rust-free. Ideal for walk-in refrigerators and freezers because it withstands temperatures as cold as -36°F (38°C). Easy to adjust.
