

# PEL Bottle Crushers saving space, time & money

## Under the Counter Bottle Crusher

Allows staff to reduce bottles directly at the bar. Ideal for pubs, restaurants and hotels.

“ We have installed “Baby Jaws” in our bars. No more wheeling bottle bins through crowded bars, bar staff are behind the bar all night. We are making money and saving money, no more segregating bottles. ”

Oliver Hughes

## Why Bottle Crushers make sense:

Bottle crushers :

- Reduces glass disposal costs.
- Allows staff to prioritise customer service over moving empty bottle bins throughout the bar.
- PEL Bottle crushers reduce bottle volume by 5:1.
- Frees up space used to store empty bottles.
- Reduces carbon footprint.
- Reduces the workload for staff, no more segregating bottles.
- PEL Bottle crushers offer a low noise operation and are energy efficient.
- All machines are fully certified and are safe and easy to use.
- Mobile for ease of movement.

## Volume Fed Bottle Crusher

Suitable in areas where space and height are restricted.

“ We have had PEL products installed for a number of years; our hotels have saved on disposal costs, labour costs, tidier back of house, quality trouble free machines. ”

Niall Kelly

## Volume Fed Bottle Crusher

Suitable for high volume bottle disposal.

“ We chose PEL innovative products because they stand out from all the rest. ”

Ted Fenney
