

VIVREAU BOTTLER

HIGH-PERFORMING BOTTLING SYSTEM

The VIVREAU Bottler is a powerful water dispenser for all hospitality and catering environments, such as corporate conference center, hotels and restaurants.

Chilled water is readily available via a front with option for both still and sparkling water from two designated dispense taps. It is equipped with a high performance ice-bank refrigeration, delivering high volumes of chilled water at consistently low temperatures. Available in five different installation options it perfectly fits to individual location needs.

OPT FOR CLEAN. OPT FOR GREEN.

At BRITA we have always cared about the environment. Our philosophy is to provide the best quality water from the most local source, eliminating the need for costly and polluting transportation and packaging.

The installation of a BRITA Water Dispenser has an immediate impact on your ecological footprint.

THE BENEFITS TO YOU

- High performance ice-bank refrigeration for unlimited chilled, still and sparkling water on demand
- Proven cost savings and environmental benefits versus pre-bottled waters
- Holistic hospitality concept in combination with our exclusive BRITA bottles
- Various installation options
- Eliminate storage issues and free up refrigerator space
- Stainless steel drip tray with plumb to waste option
- Removable dispense nozzles for improved hygiene

WINNING CONCEPT

With the installation of the Bottling System the need to purchase environmentally unfriendly and expensive pre-bottled waters is eliminated. Combined with the exclusive and customizable BRITA-Bottles an unlimited quantity of chilled still and sparkling water is provided.

Both still and sparkling water can be served in a very elegant, environmentally friendly and yet cost saving way with the exclusive BRITA Bottles.

Add your company logo to have your own representative signature bottles.

COMPLEMENTARY ACCESSORIES

With these accessories you make life even easier and the water supply even smoother.
