# Cookielist

A cookie is a small text file containing data that a website (when a user visits it) wants to store on your device in order to remember information about you, such as your language preference or login information. These cookies are set by us and are called internal cookies. We also use external cookies, i.e. cookies from a different domain than where you are located. We use cookies and other tracking technologies for the following purposes:

**Strictly necessary cookies**

These cookies do not store any personally identifiable information, but are necessary for the operation of our Website and cannot be disabled for that reason. In most cases, these cookies are only used when you request a service, for example, to register your privacy settings, login to our Website or fill out a form. You can set your browser to block these cookies or to warn you about them, but some parts of our Website will then not work.
