Video tutorial: montaggio paralume
Tutorial video: installation of the lampshade

Paralume in ceramica che si fissa alla testa di Swap tramite un magnete. La stretta collaborazione con un’antica fabbrica di Civita Castellana - borgo viterbese dove l’arte della ceramica è attestata fin dal X secolo a.C. – consente a Zafferano di avvalersi di una produzione esclusiva di manufatti “Made in Italy”, decorati a mano su disegno proprio o del cliente.

Ceramic lampshade that is fixed to the head of the lamp with a magnet. The close partnership with a historic factory in Civita Castellana - a village near Rome, where the art of ceramics has been practiced since the 10th century BC - allows Zafferano to rely on the exclusive production of made in Italy artifacts, which are hand-painted according to Zafferano design; customization available.
