

Mk2 *Plus*

The Mk2 *Plus* is better than ever

The pinnacle of the mobility world

Look no further in your search for the very best mobility scooter – Scooterpac is the hallmark of mobility excellence. The Cabin Car Mk2 Plus has been designed to offer you everything you desire.

When the original Cabin Car hit the market a few years ago, the response was incredible - shipping to all corners of the globe, we knew something big was happening. Ever since that moment, through innovation, the Scooterpac engineering team has continued to enhance the lives of the less able.

The result is so much more than a scooter - it is quite simply a completely revived approach to mobility.

“The Cabin Car Mk2 *Plus* is by far the most advanced, luxurious and distinctive mobility scooter on the market today.”

Interior Heater

Interior Light

Luxury Captain Seat

Powerful LED Headlights

Rear Parking Sensors

Remote Central Locking

Reversing Camera

You may not be motoring but you appreciate that safety is paramount and most of all you want to cruise with sophistication. Whether you are transitioning from a car or upgrading from a more basic mobility scooter, you will be amazed by the technology and comfort within reach.

The Cabin Car is for you!

Safety and security are the number one priority – secure Remote Central Locking & Follow-Me-Home Lights are fitted as standard. With the reversing camera, parking has never been so effortless – the crystal-clear reversing display enables you to observe your surroundings with peace of mind.

You will be prepared for whatever the weather throws at you. Comprised of a fully insulated fibreglass shell and with the cosy Interior Heater as standard, warmth and protection from the elements are guaranteed. In the temperate months both windows roll down, enabling that cooling breeze to flow.

This isn't just about the wizardry.

Compromises are not an option – control, power and stability are top of the agenda.

Always dreamed of a particular colour?

Pick any colour and our bodywork team will work tirelessly – in our automotive standard spray booth facility, the 'Smartshop' is where your dream becomes a reality.

Mobility with soul

The Scooterpac team are immensely proud – and we have no doubt you will be too.

Our engineering and electronics experts fully manufacture every single Cabin Car in the picturesque village of Oulton Broad in Suffolk.

With upwards of 50 man-hours to produce, the level of craftsmanship and intricate detail involved ensures that your Cabin Car will provide years of loyal service.

Optional Extras

Mobility meets bespoke

Alarm System

Protect your investment by adding a high-volume alarm to your Cabin Car, that will sound when the car is tampered with.

Electrically Adjusting Mirrors

Adding the Electrically Adjusting Mirror package makes it easy to adjust the mirrors at the touch of a button.

Electric Windows

Wind down windows are so last decade. Enable the Cabin Car to do all the work for you with the effortless touch button Electric Window upgrade.

Bull Bar (Front)

Take protection of your vehicle to the next level with this no compromise yet stylish bull bar.

External Charging Cable (5m)

Upgrade your standard 0.7m charging cable to increase the flexibility of where you can top-up your batteries.

Bumpers (Front & Rear)

These satin black bumpers sit perfectly within the colour scheme of your vehicle. They will keep your brand new vehicle looking perfect even after minor bumps.

Flashing Beacon

Be safe and be seen no matter where you are with this bright coloured beacon.

Cool Air System

Make the most of the summertime by adding our cooling air system. Rapidly circulating outside air into the cabin, you will be sure to remain cool on those warm days.

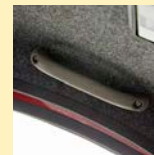

Heated Seats

Breeze along in your Cabin Car while being soothed by your luxurious heated seat - providing total comfort.

Dual 100Ah Batteries

Significantly increase your range by upgrading the battery system – delivering up to 40% more charge, keeping you on the road for longer.

Interior Handles

Increase the safety and convenience of getting in and out of your Cabin Car.

Lithium Ion Batteries

Supercharge your range into the future with this specialised battery setup.

Walker Carrier

Stay mobile even after you have parked up your Cabin Car with this perfect practical solution. Available for both three & four wheeled walkers.

Lockable Rear Box

Keep your shopping safe when you're out and about with this lockable, rear-mounted storage box. Made from hard-impact plastic.

Walking Stick Holder

Keep your walking stick safe and secure with this convenient internal holder.

Paint Protection

Our specialist bodywork team will apply a superior protective coat. You can be sure your paintwork will remain as new for years to come.

Window Tint Package

Be totally in control with guaranteed protection from the sunlight on those beautiful bright days. Includes tinted side windows and rear windscreen.

Puddle Lights

Light up the floor around the doors – avoiding the puddles and keeping your feet dry.

Wireless Handsfree System

Stay connected to your mobile phone on the move with our integrated system – fantastic for music playback and for following those useful navigation instructions.

Trailer & Tow Hitch Package

Upgrade your Cabin Car into the perfect mobile haulage solution.

Wheels – 9" Black Alloys

For some extra visual punch, enhance the style of your Cabin Cars with these magnificent black powder coated wheels.

Complete customisation is at the focal point of every single Cabin Car produced.

If there is anything not listed that you would like on your Cabin Car contact the Scooterpac team today - anything is possible!

Experience complete freedom
in **style & luxury**

"As soon as Daniel saw the Cabin Car his face was beaming with joy! With the fully enclosed design I feel completely confident that Daniel is comfortable and most of all safe when travelling in his Cabin Car."

Lynne (Daniel's Mum)

"The Cabin Car really is the Rolls Royce of all mobility scooters as there is nothing else out there on the market that can match its comfort and above all else, the quality of the workmanship is second to none."

Barry
