

BASTION COLLECTIONS

WINTER EDITION • 2024 • NO.33

season of love 

We are so excited for this lovely season!

Our new collection is filled with love,
so let's snuggle up and enjoy these cozy days together.

We have lots of new items to show you, featuring a new brown colour.

This colour fills up your home with so much warmth.
No worries, mix-and-matching is just as easy as before.

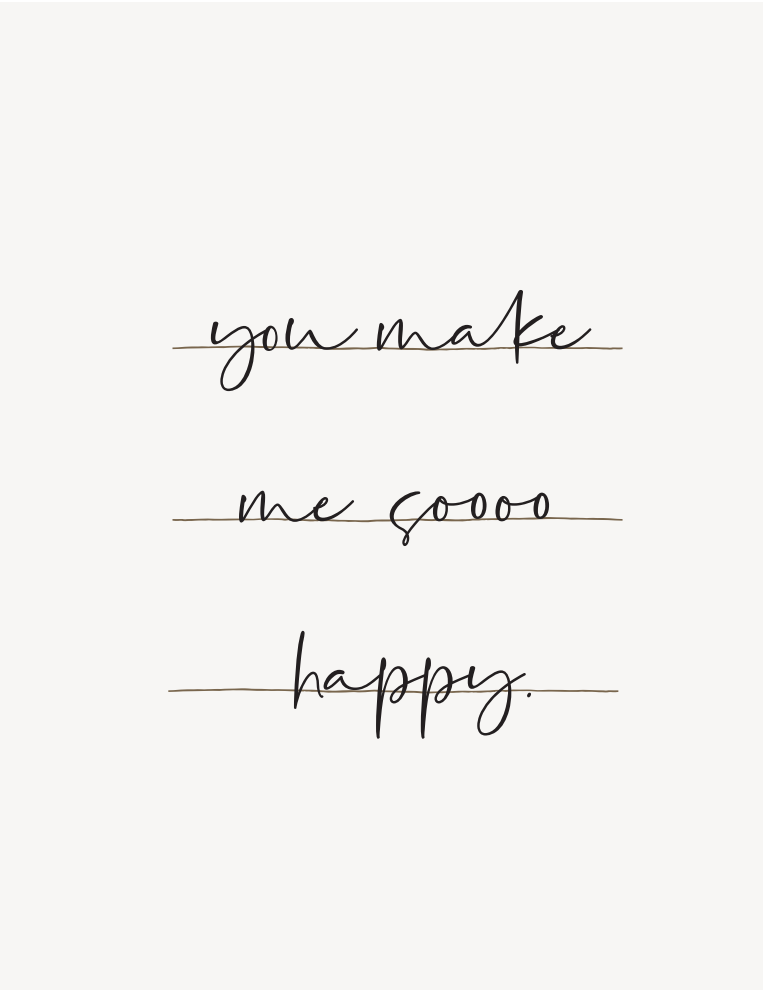

Let us present to you all the delightful designs,
where watercolor and sturdy artworks come together to create a blend of everything you like.

This season is all about love, together with the ones dear to you.
Relax in your beautiful decorated home with a nice hot coffee and enjoy the little things.

We hope you will love this collection as much as we do.
Will you let us know what your favourites are?

Lots of love and the warmest wishes!
