

ADDITIONAL TERMS AND CONDITIONS SDB VITRINEBOUW 2025 *

Your order is carefully packed and checked before shipping. However, damage during transport cannot be ruled out.

Upon receipt of the goods, please check them for defects and/or damage before signing the delivery note (CMR) or packing slip (also open the packaging). Note any damage to the goods on the delivery note (CMR) or packing slip (have the driver sign as well). Take photos of the damage and contact us in case of doubt. Notify us and the carrier in writing within 2 (two) days in the event of damage.

It is not possible for us to claim damages from the carrier after signing for receipt in good condition. Once you sign for receipt in good condition, all rights to claims expire.

Exchange is only possible through direct replacement at your warehouse. All newly delivered exchange goods will be invoiced and will only be credited after receipt and approval of the returned goods and the complaint.

SDB reserves the right to make minor model and detail changes without prior notice. Slight color or size deviations are always possible.

Changes and errors in all product descriptions and product information are reserved. The actual products may differ from the photos in the brochure. For product specifications, contact SDB Vitrinebouw.

ADDITIONAL TERMS AND CONDITIONS:
