

DECLARATION OF CONFORMITY

We, the Manufacturer *ELITE DÉCOR PrJSC*,
48 Vyshgorodskaya Str., Kiev, 04114, Ukraine,
declare that the product *Prestige Decor*
(coated EPS moldings for facades)
is in conformity with described below:

The main material is a profile of expanded polystyrene foam (EPS) PSBS-S-25 self-extinguishing, with density of 15-25 kg/m³, produced according to the EN 13163:2008, IDT

Coating: Elastic acrylic coating with mineral fillers (natural marble)

The product does not contain harmful substances.

Thickness of coating: 2.0 - 2.5 mm

Density of coating: 1.737 g / ml.

Plasticity of coating: 18000 ± 4500 cP.

Strength of coating: Class 5B, ASTM D 3359

Structural stability in the temperature range from - 35 ° C to + 60 ° C.

Coating is not flammable.

Frost resistant. High elasticity of finished products. Does not crack.

Brightness (opaque): G3 Class

Class of abrasion: Class 3

Vapor permeability: Class 2

Water absorption: less than 10%

Influence of light and sun: UV-resistant.

The products have increased adhesion to acrylic paint based on aqueous dispersions.

CE CONFORMITY MARKING:

This certificate is issued by:

ELITE DÉCOR PrJSC
