

## DECLARATION OF CONFORMITY

We, the Manufacturer *ELITE DÉCOR PrJSC*,  
48 Vyshgorodskaya Str., Kiev, 04114, Ukraine,  
declare that the product *TESORI D-Series*  
(coated XPS moldings for LED lighting)  
is in conformity with described below:

**The main material** is a profile of extruded polystyrene foam (XPS) with density of 26-32 kg/m<sup>3</sup>

**Coating:** Elastic acrylic coating with mineral fillers (natural marble)

**The product does not contain harmful substances.**

**Thickness of coating:** 0.7-1.2 mm

**Number of layers in coating:** 4

**Density of coating:** 1.737 g / ml.

**Plasticity of coating:** 18000 ± 4500 cP.

**Strength of coating:** Class 5B, ASTM D 3359

**Structural stability in the temperature range** from - 35 ° C to + 60 ° C.

**Coating is not flammable**

**Color:** white milk

**Brightness (opaque):** G3 Class

**Class of abrasion:** Class 3

**Vapor permeability:** Class 2

**Water absorption:** less than 10%

**Influence of light and sun:** UV-resistant.

**Used for dyeing with acrylic water-based paints.**

### CE CONFORMITY MARKING:

This certificate is issued by: **ELITE DÉCOR PrJSC**  
Dated: **27<sup>th</sup> January 2015**
