CAP INSTRUCTION MANUAL

DESIGN CONCEPT

This compact table light is ideally placed on a bedside table or sideboard, or used as a night light in the childrens room.

Cap is a little elf with a large hat enchanting your room with a cosy ambient light. Playfulness and the inverse order of glass and metal elements bestow a special character upon this table light. The upper cover functions as a reflector of the light and diffuses it softly through the milky glass.

DESIGNER PROFILE

Cap has been designed by the TEO Creative Directors, Lena Billmeier and David Baur from Germany.
