PLATE CLOCK INSTRUCTION MANUAL

DESIGN CONCEPT

Inspired by the once common tradition of hanging decorated plates on the wall, bought souvenirs of places one has been to or passed on family treasures, Plate Clock is made by ceramics, as those plates traditionally are, but with its square shape and the additional time piece function, Plate Clock revives this tradition with a fresh and modern twist.

DESIGNER PROFILE

Plate Clock is designed by the TEO Creative Directors, Lena Billmeier and David Baur from Germany.
