MODU TABLE INSTRUCTION MANUAL

DESIGN CONCEPT

With Modu Table we are expanding the Modu lighting family. This minimalistic table light is based on the same structure as the families pendant lights. Upper and lower part are not affixed for a great variety of color and material combination. The softly lightened glass top stands in beautiful contrast to its painted lower shade.

DESIGNER PROFILE

Modu Table is designed by the TEO Creative Directors, Lena Billmeier and David Baur from Germany.
