Bambu Lab X1 Series A Leap in 3D Printing

The Bambu Labs X1E stands out as a versatile and powerful 3D printer designed for both professional and high-end hobbyist use. Making it a comprehensive solution for users seeking precision, reliability, and versatility.

Endless Possibilities

- **16 Multi Color**
- **7 μ m Lidar Resolution**
- **Dual Auto Bed Leveling**
- **20 m/s² Acceleration**

01 Enhanced Connectivity

The X1E offers robust connection options including Ethernet and LAN-only mode for secure, offline operations, catering to environments with strict security needs.

02 Advanced Air Filtration

Features a comprehensive air filtration system with HEPA and activated carbon filters to ensure a clean, safe and odor-free printing environment.

03 Heated Build Chamber

An actively heated build chamber reaches up to 60°C, improving print quality and material handling, especially for high-temperature filaments.

04 High-Temp Nozzle

Supports a maximum nozzle temperature of 320°C, making it suitable for advanced materials requiring high heat for optimal printing.

Unleash Your Creativity

Elevate your 3D printing capabilities with the Bambu Labs X1E—engineered for precision, versatility and reliability. Discover how the X1E can revolutionize your complex projects with the most demanding materials

Invest in your creativity today and enhance every project with a Bambu Lab printer.
