Dit bouwproduct is geen doe-het-zelf product. Voor een correcte en veilige installatie dient dit product te worden geïnstalleerd door een gekwalificeerde dak- en/of bouwprofessional. Installatie dient te gebeuren in overeenstemming met de geldende standaard bouwvoorschriften en de instructies van de fabrikant.

Door het inschakelen van een professional verzekert u zich van een juiste plaatsing en voorkomt u eventuele schade of problemen met de werking van het product. Onjuiste installatie kan leiden tot structurele schade en/of verminderde prestaties, waarvoor wij geen verantwoordelijkheid dragen.

Volg altijd de lokale bouwvoorschriften en raadpleeg, indien nodig, een specialist voor aanvullende begeleiding.

Let op:

Zorg ervoor dat de installateur vertrouwd is met de specificaties van het product. Controleer regelmatig of alle voorschriften en veiligheidsmaatregelen correct worden nageleefd tijdens de installatie.

Bij vragen over het installatieproces, neem contact op met uw leverancier of fabrikant voor ondersteuning.
