

## FAST-PROTECT

### PRODUCT DESCRIPTION

FAST-PROTECT is a stain repellent, specifically formulated to achieve the best results in combination with the FAST-GRIND polishing process. FAST-PROTECT resists oil and waterborne stains. It is water-based and eco-friendly.

FAST-PROTECT has been formulated with advanced, water-based fluoropolymers to protect against tough oil and water-based stains. The small molecular structure of FAST-PROTECT allows for maximum penetration and coverage. The product is not a topical sealer, but a penetrating sealer and does not change the appearance of concrete floors.

### ADVANTAGES FAST-PROTECT

- + Can be used in conjunction with all polished floors.
- + Protects against tough oil and water-based stains.
- + Low odor.
- + VOC compliant.

### HOW TO USE

Remove all atmospheric dirt and make sure the surface is clean, dust-free, grease-free and dry.

Shake the product well before use and do not dilute it.

Always carry out a test on an unnoted spot.

Evenly apply up to two thin coats of FAST-PROTECT on the surface with a sprayer and wipe open with a mop and let it dry for 24 hours.

Do not overapply, eliminate any exceeding product before drying.

On vertical surfaces, apply from the bottom-up.

### SPECIAL CONSIDERATIONS

- Spills must be cleaned on a regular basis.
- Contains: fluorinated acrylic copolymer, glycol Ether EB.
- Dispose waste in compliance with your local law

### TECHNICAL INFO

Shape	Clear liquid Weighs 1,02 kg / L
Flashpoint	Not relevant
Viscosity	$v < 7 \text{ mm}^2/\text{s}$ (40°C)
pH:	5,50 (+/- 0,5) Neutral
Packaging	25 L bottle 200 L drum
Storage	Keep closed package in a cool and well-ventilated place. Prevent from moisture. Store only in the closed original container.
Storage life	FAST-PROTECT can be kept at least 12 months in non freezing conditions and under 38°C.
Consumption	15-30 m <sup>2</sup> /L (depends on the porosity of the concrete, level of polish and method of application)

### HEALTH AND PROTECTION

**Safety isn't expensive, it's priceless. Always work safe!**

- Wear safety shoes, safety glasses, gloves, a helmet and other protective clothing
- When working with chemicals, wear a mouth mask.
- Avoid excessive breathing of vapors or mists, especially in poorly ventilated areas.
- Avoid contact with eyes, skin or clothing. Wash thoroughly after handling.
- When feeling unwell or experiencing irritation on skin, eyes or inhalation, consult a doctor immediately.
- Consult the MSDS for more detailed information.
