

IN2-CONCRETE

IN2-PROTECT+

PRODUCT DESCRIPTION

IN2-PROTECT+ is the leading stain repellent, specifically formulated for concrete and terrazzo floors. It is a CE marking product, that meets standard EN 1504-2 and penetrates up to 10mm or deeper (EN1504-2 Class II).

IN2-PROTECT+ has been formulated with advanced, concentrated fluoropolymers to protect against tough oil and water-based stains. The very small molecular structure allows for maximum penetration and provides coverage rates higher than many other sealers. The product is not a topical sealer, but a penetrating sealer that fills the microscopic gaps that occur in the floor's crystalline structure, and does not change the appearance of concrete or terrazzo.

ADVANTAGES IN2-PROTECT+

- + *May be used in conjunction with all polished floors*
- + *Protects against tough oil and water-based stains*
- + *Low odor*
- + *VOC compliant*

HOW TO USE

Remove all atmospheric dirt and make sure the surface is clean, dust-free, grease-free and dry.

Shake the product well before use and do not dilute it.

Always carry out a test on an unnoted spot.

Evenly apply up to two thin coats of IN2-PROTECT+ on the surface with a sprayer and wipe open with a mop and let it dry for 24 hours.

Do not overlap, eliminate any exceeding product before drying.

On vertical surfaces, apply from the bottom-up.

SPECIAL CONSIDERATIONS

- Spills must be cleaned on a regular basis.
- Contains: fluorinated acrylic copolymer, glycol Ether EB.
- Dispose waste in compliance with your local law

TECHNICAL INFO

Shape	Clear liquid Weights 1,02 kg / L
Flashpoint	Not relevant
Viscosity	$v < 7 \text{ mm}^2/\text{s}$ (40°C)
pH:	5,50 (+/- 0,5) Neutral
Packaging	25 L bottle 200 L drum
Storage	Keep closed package in a cool and well-ventilated place. Prevent from moisture. Store only in the closed original container.
Storage life	IN2-PROTECT+ can be kept at least 12 months in non freezing conditions and under 38°C.
Consumption	15-30 m ² /L (depends on the porosity of the concrete, level of polish and method of application)

HEALTH AND PROTECTION

Safety isn't expensive, it's priceless. Always work safe!

- Wear safety shoes, safety glasses, gloves, a helmet and other protective clothing.
- When working with chemicals, wear a mouth mask.
- Avoid excessive breathing of vapors or mists, especially in poorly ventilated areas.
- Avoid contact with eyes, skin or clothing. Wash thoroughly after handling.
- When feeling unwell or experiencing irritation on skin, eyes or inhalation, consult a doctor immediately.
- Consult the MSDS for more detailed information.
