

# IN2-CONCRETE

## IN2-STRIP

### PRODUCT DESCRIPTION

#### NATURAL STRIPPER FOR TOUGH STAINS AND CURING COMPOUNDS ON CONCRETE FLOORS

IN2-STRIP is a chemical agent, specifically designed to remove tough stains and coatings on concrete floors such as: acrylic curing compounds and coatings, asphalt residue, tape residue, waxes, paint, waxes, tire marks construction chalk, etc.

It can also be used to reduce the effect and visibility oil and grease stains and stains from permanent marker ink.

### ADVANTAGES IN2-STRIP

- + Affordable
- + Fast and easy to use
- + Non-hazardous
- + Biodegradable

### HOW TO USE

Preparation: sweep the surface that needs to be stripped.

Always try first on a small test area. Apply the product with a sprayer or mop and use a stiff-bristle broom to distribute it evenly and work it in. Keep the surface wet for 30 minutes and add extra product if necessary.

After 30 minutes, remove the remaining IN2-STRIP with an automatic scrubber or wet/dry vacuum and a detergent with high-pH (such as IN2-CLEAN) to neutralize the treated areas. Clean all surfaces twice and pick up remaining residue with a squeegee or vacuum on a third pass. Finally, rinse the treated surface.

### SPECIAL CONSIDERATIONS

- For professional use only
- Contains: 2-butoxyethanol, glycolmonobutylether, butylglycol
- Dispose of safely in accordance to local / national prescriptions
- Handle empty barrels with caution. Vapor residues may be flammable

### TECHNICAL INFO

Shape	Colourless liquid
Flammability	Flammable liquid and gas
Density	ca 0,915
Dilution	IN2-STRIP can be diluted with water from 1:1 to 1:4, depending on the contamination of the surface.
Conditions to avoid	Don't use in direct sunlight, extreme high or low temperatures, near open fire. Avoid overheating, warmth and fire sparks.
Consumption	20-25m <sup>2</sup> / L
Storage	Store in the closed, original container in a cool, well-ventilated and explosion-free place.
Storage life	IN2-STRIP can be stored for at least 12 months in the original container.

### HEALTH AND PROTECTION

Safety isn't expensive, it's priceless. Always work safe!

- Wear safety shoes, safety glasses, gloves, a helmet and other protective clothing.
- When working with chemicals, wear a mouth mask.
- Avoid excessive breathing of vapors or mists, especially in poorly ventilated areas.
- Avoid contact with eyes, skin or clothing. Wash thoroughly after handling.
- When feeling unwell or experiencing irritation on skin, eyes or inhalation, consult a doctor immediately.
- Consult the MSDS for more detailed information.
