DuraSeal Exhaust clamp

*Provides a serviceable joint
For high durability requirements*

The simple, effective way to connect exhaust system components. Pipes, mufflers and converters.

*Extra seal and clamp load performance to meet
Or exceed durability requirements without
Permanent distortion to exhaust members.*

DuraSeal, with Torca designed slots, provides optimal seal and joint retention performance.

- Available in standard size from 50mm (2") to 89mm (3 1/2").
- Improved clamp performance for applications with thicker pipe walls and larger pipe assembly gaps.
- Ideal for applications with limited packaging space. One assembly torque point.
- Unique fastener system efficiently converts band tensile strength into high clamp loads.
- The reaction block provides a full 360° equal distribution of stretching force, prohibiting a pipe distortion while completing a seal around the joined exhaust components.

Unitized assembly . No Loose Hardware. Slides into place, installs easily and reliably.

Preattached to outside tube for part-in-assembly shipment to vehicle assembly plant.

The Reaction Block transfers bolt torque into clamp strength and an assured seal.

Torca Products, Inc.

DuraSeal®

Clamp for thicker exhaust pipes or large pipe gap applications.

For Lap Style Joint Connections | Reaction Block Technology | One Torque Point | Pre-Assembled For Easy Installation | Diameter Range 2" – 5"

HEX SCREW DURASEAL

Hex Screw
409 SS Band

Units: mm

| HEX SCREW DURASEAL | | Band Material | Nominal Joint Diameter | |
|--------------------|---------------|---------------------|------------------------|-------|
| Brand PN | Global PN | | inches | mm |
| 94-0051 | 0371 0001 056 | 409 Stainless Steel | 2 | 50.8 |
| 94-0052 | 0371 0001 062 | 409 Stainless Steel | 2 1/4 | 57.2 |
| 94-0053 | 0371 0003 068 | 409 Stainless Steel | 2 1/2 | 63.5 |
| 94-0054 | 0371 0003 075 | 409 Stainless Steel | 2 3/4 | 69.85 |
| 94-0055 | 0371 0004 081 | 409 Stainless Steel | 3 | 76.2 |
| 94-0056 | 0371 0000 093 | 409 Stainless Steel | 3 1/2 | 88.9 |
| 94-0057 | 0371 0001 107 | 409 Stainless Steel | 4 | 101.6 |
| 94-0050 | 0371 0000 132 | 409 Stainless Steel | 5 | 127.0 |

Note: DuraSeal® connections require 'sized' and slotted pipe. Torca recommends the Torca Seal-Slot design (see below).

Note: Additional sizes are available to meet specific application requirements.
