RSV/RSGU-V CLIP

In addition to the standard RS/RSGU designs we offer a V-feature. This special design, a variation of the standard RS/RSGU Type 1, is provided with an integrated mounting fastener. When the clip ends are compressed the fastener locks into place and locks the clip. Thus, the RS/RSGU clip with V-feature can be easily pre-assembled on the pipe.

- Diameters and band widths will be furnished on request.
