

How to include the ECO-DIM.10 Z-Wave dimmer in to the Fibaro network

1) Make sure the Fibaro Homecenter is installed in the right way.

2) Make sure that the EcoDim led dimmer is installed as mentioned in the manual of the dimmer (manual can be found inside the box)

3) Switch on the dimmer by pressing the knob. (Lights must be on)

4) In case the Fibaro app is not installed, please download and install it via the Google Play Store or the Apple App Store.

5) Complete the steps to create a Fibaro account. If there is an exisiting account you can skip to step 6.

6) Start the Fibaro app and click on the "settings" button below.

7) Select "Add device".
