Power range:	5-250W @ 220-240V LED
	10-250W @ 220-240V INC, HAL
Type of load:	LED Retrofit I Incandescent-halogen
Dimming:	APP Control / Voice Control
Ambient temperature (Ta):	-10 C ~ +40 C
Dimension:	79.85*47.75*27mm
Item weight:	70.6g

WIRING

SET UP THE APP

1. Download the Tuya Smart app.
2. Tap 'creat new account' or 'log in to account'.
3. Follow the in-app prompts and tap 'OK'.

CONNECT TO THE APP

To connect your in-line dimmer to the app, you must first enter pairing mode. The app requires a 2.4GHz Wi-Fi network.

Activatw Pairing Mode:

Press and hold the reset button on the dimmer for 5 seconds, or turn the light switch at the wall (For circuit without an accessible light switch, use the isolating switch) off, then on-off-on-off-on at 1 second intervals.

The indicator light on the in-line dimmer will start to blink rapidly (approx. 8 times every 5 seconds). The light connected to the in-line dimmer will pulse.

PAIRING YOUR PRODUCT

1. Open the APP. Tap + > Add Device > Auto Scan. The discovery process will begin.
2. When your product is discovered, tap 'next'.
3. Confirm your Wi-Fi details and tap 'confirm'. This will begin the pairing process, which will add your in-line dimmer to the app.
4. Once pairing is complete, you can edit your in-line dimmer name (optional).
5. To finish the pairing process, tap 'done'.

Note: If the pairing process doesn't work, and you are certain that the password for your 2.4GHz Wi-Fi network is correct, try pairing in AP mode.

7. **Minimum Brightness Setting:** Press the reset button twice and hold then release till the connected light blink once, push the button again to adjust the brightness, double press to confirm and exit, timeout 1 min.

VOICE CONTROL SETUP(OPTIONAL)

Google Assistant

1. Open the google home app and sign in to your google account.
2. Tap+ and select Set Up Device > Have Something Already Set Up?
3. Select Tuya Smart from the list or type Tuya smart in the search bar.
4. Type in your App login details.
5. Tap Link Now > Authorise.

Amazon Alexa

1. Open the Amazon Alexa app and sign in to your Alexa account.
2. Tap More > Skills & Games.
3. Search for Tuya Smart and tap 'enable'.
4. Enter your account details and tap 'link now'.
